Better Information. Better Decisions. Better Health.

UnitedHealthcare is a division of UnitedHealth Group, a Fortune 50 company and one of the single largest health coverage carriers in the country. We offer a diverse range of health coverage plans and a national network of more than 790,000 physicians and health care professionals, 5,700 hospitals and 64,000 pharmacies. Serving nearly 25 million members nationwide, we're committed to enhancing the health care experience through:

Better information – We alert individuals and their doctors to potential health risks or opportunities to take charge of their health. We give employers access to information to plan and implement worksite wellness programs to boost productivity and morale.

Better decisions – When we give employers, individuals and doctors access to relevant information, they can be empowered to make better-informed decisions.

Better health – Our mission is **helping people live healthier lives™**, which contributes to a healthier and more productive, cost-efficient workplace.

We asked our customers what to improve – and they told us

- ▶ Do something about the costs
- ▶ Make it easy

You'll be glad to know that we're doing just that.

Affordability

Good health. We hear and read every day that the best way to get control over health care costs is to get healthy. It's been well-documented: Poor health costs money. And unhealthy employees cost their employers – in lost productivity as well as health care costs. UnitedHealthcare plans include 100 percent coverage for preventive care and wellness benefits, such as wellness coaching, fitness memberships and biometric screenings, with built-in incentives to encourage members to adopt healthy behaviors, and other value-added programs at no additional premium cost. And we contact our members to get that preventive care or take action on personal health risks when the need arises.

Education. We're making it easier for our customers to understand and manage their health care costs with tools such as our easy-to-use myHealthcare Cost Estimator and easily accessible health advisers, professionals who offer guidance as needed through the complex health care system.

Plan design. Plans such as Select Plus and Alliance feature flexibility in choice of benefits and financial responsibility, as well as give the member more control over managing health-related expenses. And the increasing availability of lower-cost generic drugs is making a significant dent in the high cost of prescription medication.

Simplicity

Simpler is better. We've improved our services, simplified administration and renewals, and made it easier to offer more well-rounded health care coverage options to employers and their employees.

And our **Choice Simplified** option provides employers with the opportunity to mix and match any of our plans to meet their needs. Plus, specialty plans, such as dental, vision or life, can be added at considerable savings, and administration services are part and parcel of the program.

The Power of the Network

Our commitment to providing you with health coverage solutions includes offering an expansive network, both nationally and locally.

Our California HMO network includes over:

- ▶ Signature plan: 48,000 physicians and health care professionals, and 210 hospitals
- ▶ Advantage plan: 28,000 physicians and health care professionals, and 153 hospitals
- ▶ Alliance plan: 23,000 physicians and health care professionals, and 127 hospitals
- ▶ Focus plan: 14,000 physicians and health care professionals, and 110 hospitals

Our California Select Plus network includes over:

- ▶ 100,000 physicians and health care professionals, and 303 hospitals

Our California Core network includes over:

- ▶ 75,000 physicians and health care professionals, and 295 hospitals

Our national network includes over:

- ▶ 790,000 physicians and health care professionals, and 5,700 hospitals

Employees have nationwide access to 83 percent of all available U.S. hospital beds and two out of three available doctors and health care professionals.

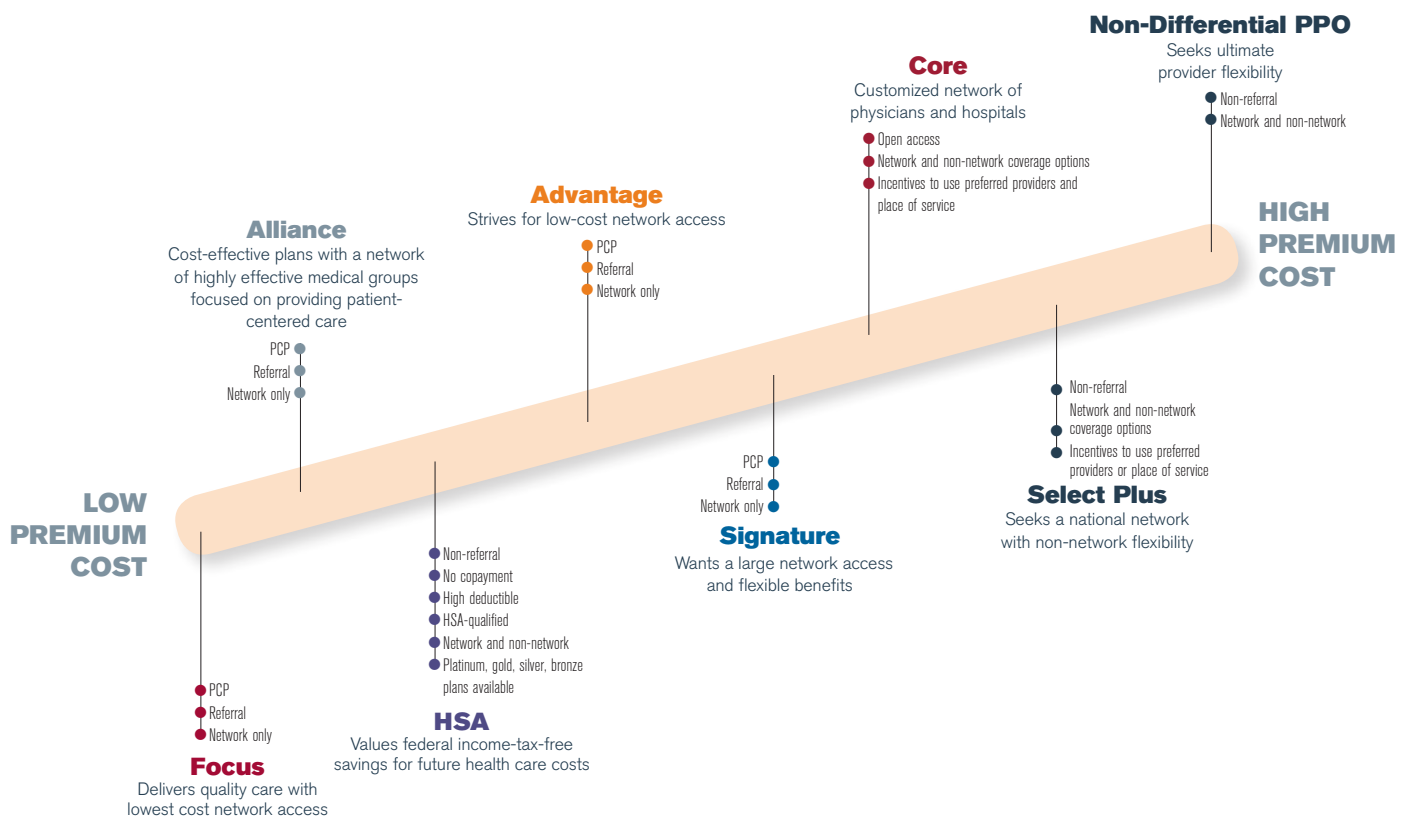

- ▶ **Seamless and easy to use**
- ▶ **Fully integrated**
- ▶ **Stable**

UnitedHealthcare Product Continuum Chart

California Small Business (1-50 employees)

UnitedHealthcare offers a broad range of health plans that are designed to be affordable and flexible for employers of various sizes. To help determine the plans that best suit their employees' need for affordability, we've created a product continuum chart. The plans are arranged from lowest to highest premium and list key features.

Choice Simplified

Choice Simplified offers more options to suit the diverse needs of small businesses

A well-designed, flexible health plan, supported by streamlined administration and employee-focused wellness programs, can help small businesses create a long-term strategy to manage health care costs now and in the future.

Plans in the Choice Simplified portfolio allow small group employers with one or more enrolling employees to purchase one health plan package that includes multiple benefit design options. They can offer their employees an array of health care coverage options to meet a variety of health care and financial needs. Our plans include different product options, ranging from HMOs to consumer-driven health plans eligible for HSAs.

Here's how it works:

Step 1: Pick the plans that best fit the employees' needs. Employer can choose as many plans as they need to fit their program.

Step 2: Direct employees to choose the benefit design option that best meets their individual needs from the selected plans.

Step 3: As the employer renews with UnitedHealthcare, they can keep or change their plan offerings within the package year after year, ensuring that the health plan benefits will evolve with the changing needs of the employer and their employees.

¹ Family Deductible is 2x Individual. For plans with a Non-Embedded deductible, one or more eligible members of a family unit may satisfy the entire Family Deductible. No one in the family will be eligible for benefits until the Family Deductible has been met. Deductible applies to Inpatient Hospital and Outpatient Surgery for HMO plans.

² Family Out-of-Pocket Maximum is 2x Individual. Member cost share, including office visits, deductible, coinsurance and pharmacy, apply to the Out-of-Pocket Maximum.

³ Benefits with coinsurance (%) responsibility are subject to the Deductible.

⁴ The Per-Occurrence Deductible is separate from the Annual Deductible and accrues toward the Out-of-Pocket Maximum. The Outpatient Per-Occurrence Deductible may be waived for outpatient services received at an in-network independent, non-hospital affiliated provider.

⁵ An annual combined limit of four visits apply to PCP and Specialist office visits at the specified Copayment. Subsequent visits are subject to the plan Deductible and Coinsurance for the remainder of the Calendar Year.

Flexible Plans with Network Advantages

UnitedHealthcare provides network and non-network benefits, plans for single-site, multi-site and multi-state businesses and variable options for deductibles, coinsurance and pharmacy plans that help meet employers' needs.

Our new Select Plus plan designs include a per-occurrence deductible, which is applied to inpatient hospital and certain outpatient services such as outpatient surgery, standard lab/X-ray, and complex imaging (e.g., MRI, CT, PET). Members with these plans have the option to avoid the per-occurrence deductible when accessing these outpatient benefits by receiving services from an in-network independent, non-hospital-affiliated provider.

These benefit plan designs offer employers:

- **Affordability** – Low-cost alternatives for premiums
- **Choice** – Popular combinations of benefits and pricing
- **Network** – Access to more than 790,000 physicians, 5,700 hospitals, and 64,000 pharmacies across the country

Select Plus

Select Plus plans give members the freedom to see any doctor in or outside the Select Plus network without a referral. A limited number of Select (in-network only) plans, which are modeled after the Covered California State Exchange standard plans, are also available.

Benefits of the Select Plus plan include:

- Members visit any participating network physician or facility (including specialist) without a referral
- When members visit participating network physicians and hospitals, there aren't any claim forms or bills to worry about
- Range of plan designs with different deductible levels, copayments, coinsurance and out-of-pocket amounts

Core (New)

A open access product with a customized network designed to offer more affordable health care options

UnitedHealthcare Core plan is designed to give members the freedom to choose from any health care professional in the UnitedHealthcare Core network, including specialists, without a referral or choosing a primary care physician (PCP). Since Core is an open-access product, members can seek care from any provider, but they may pay more out-of-pocket costs when they do not seek care from network providers or facilities.

Core has similar plan designs and shares many features with Choice Plus, but uses a smaller, customized network designed to offer more affordable plan options. This flexible product provides simple-to-use coverage designs and integrated specialty services for employees. In addition, they will have access to tools and information on our member website, myuhc.com[®], and quality outreach, advocacy and wellness programs.

Why Core?

Value

- **Lower price** point allows employers and employees to benefit from lower premiums

Flexibility

- **Plan design options** that are flexible and have the ability to support a range of benefit designs including HSA compatible plans
- **Dual option** is available with Core, or it can be sold as a stand alone product

Access

- **Core national network** allows members access to health care services nationwide
- **No gatekeeper** allows members more flexible access to see a specialist
- **Out-of-network benefits** the Core plan allows members to enjoy the option of seeing out-of-network providers with more limited coverage
- **No referrals are required**

¹ Reimbursement for Non-Network services is based on a percentage of the published rates allowed by Medicare for the same or similar services.

² When a member of a family unit satisfies the individual Deductible amount for the calendar year, no further deductible will be required for him or her for that calendar year. The per-occurrence deductible does not apply to the Annual Deductible.

³ Member cost share, including office visits, annual deductible, per-occurrence deductible, coinsurance and pharmacy, apply to the Out-of-Pocket Maximum.

⁴ The outpatient per-occurrence deductible may be waived for outpatient services received at an in-network independent, non-hospital affiliated provider.

⁵ No copayment applies to physician office visits for prenatal care after the first visit.

⁶ One routine vision exam and one pair of glasses per calendar year for children under age 19.

Consumer-Driven Health

UnitedHealthcare Health Savings Account (HSA)

HSA Overview

UnitedHealthcare's HSA plans are designed with the new health care consumer in mind. Our HSA plans offer a medical plan, coverage for preventive care and a health care account that members control and access themselves to cover some of the costs of qualified medical expenses. Account-based consumer solutions initiate the transformation from passive health plan members into value-conscious consumers.

HSA features

- Members can manage their medical claims and HSA together online or with a customer care professional.
- Three account types offer balance of interest, account fees and spending. Non-proprietary mutual fund investing is available.
- For greater member convenience, HSAs include a debit card and online bill payment.
- Accounts are administered by Optum Bank,SM Member FDIC. OptumHealth Financial ServicesSM provides educational tools that help both employers and individuals successfully engage in their financial health.

UnitedHealthcare HSA plans help members become more-informed and active health care consumers. By taking ownership of their health and health care spending, employees can also help their employers have more control of their health care costs. Recent studies support the value of HSA-eligible plans in reducing costs and promoting a healthier workplace.

- HSA-eligible plans have shown 20 percent to 30 percent lower-cost-than-average premiums, helping U.S. businesses save money.¹
- Premium savings for employees with an HSA-eligible plan amount to an average of \$852.²
- HSA plan members are two to three times more likely to participate in wellness programs than those in non-consumer-driven health plans.³ Our wellness offerings include worksite wellness programs, a confidential,* personalized health assessment, online and telephonic coaching and personal support.

Additional Value-Added Programs for Select Plus, Core, Consumer-Driven Health and Non-Differential PPO

Our goal is to help employers and employees manage costs by helping people improve their total health and productivity. That's why we offer these additional health and wellness programs with all our Select Plus, Core, Consumer-Driven Health and Non-Differential PPO plans at no additional charge.

UnitedHealth Premium® designation program

The UnitedHealth Premium program evaluates physicians using national evidence-based guidelines for quality and local market benchmarks for cost efficiency. The Premium designation can help members choose the care that's right for them. UnitedHealth Premium Tier 1 physicians have received the Premium designation for either Quality & Cost Efficiency or Cost Efficiency & Not Enough Data to Assess Quality. Physicians have already received notification of their Premium designation status. The designation results are available on myuhc.com® and in other provider directories. For more information, visit UnitedHealthPremium.com.

myHealthcare Cost Estimator

myHealthCare Cost Estimator is a personalized online tool that will empower employees to make more informed health care decisions. myHealthcare Cost Estimator is available to UnitedHealthcare members at no additional cost. When members are able to get information based on their plan, they'll have the knowledge to better understand their choices and be in greater control of health care.

Care CoordinationSM

Coordinates and customizes services where gaps in care may exist. Education and prevention programs include pre-admission counseling, inpatient care advocacy and readmission prevention.

eSync Platform® Technology

UnitedHealthcare's sophisticated eSync platform takes a big-picture look at a member's health, and, using proprietary technology, alerts the member and his or her physician to a potentially serious condition so that intervention can occur at the diagnostic stage.

Disease Management

Identifies high-risk individuals with chronic conditions, such as asthma, diabetes and coronary artery disease, who may benefit from a focused intervention program. Individuals are placed on one of three levels of intervention to improve quality of life and keep cost trends in check.

Complex Medical Conditions

The Complex Medical Conditions program provides access to Centers of Excellence networks comprising medical centers that are identified as specialists in the treatment of specific conditions and that meet strict evaluation requirements. The Complex Medical Conditions program also provides clinical consulting services to manage treatment programs and costs to maximize employee benefits.

Evidence-Based Medicine

Improves consistent clinical outcomes and reduces inefficient delivery of care. We offer Clinical Evidence (a compilation of thousands of recent research studies); facilitate peer-to-peer data-sharing consultations; and provide physicians and hospitals with relevant data regarding their performance compared to nationally accepted, evidence-based practices.

United Behavioral Health

Behavioral health and substance disorder services, ranging from counseling to acute inpatient care are delivered by our affiliate, United Behavioral Health (UBH).

Features

- Support and treatment for mental health and substance disorder issues
- Integration with medical benefits for streamlined administration
- Indirect and direct cost-savings

Care24®

Our Care24 resources assist employees with health, personal or family-related concerns via a toll-free phone number 24 hours a day, seven days a week. One toll-free number puts them in touch with nurses, counselors, financial consultants and attorneys.

For situations where in-person resources are needed, Care24 contracts with more than 9,000 professionals nationwide who provide local, in-person support. In addition, our database of more than 60,000 unique community resources, representing 400,000 points of expertise, adds to Care24's depth of service.

Care24 also offers employers access to audio messages on more than 1,100 health and well-being topics. Most audio tapes are available in Spanish, and we provide translation services for more than 140 languages.

Signature Advantage Alliance Focus (New)

The **Signature** plan includes our **full** network of contracted providers. With this HMO plan, members simply choose a Primary Care Physician (PCP) from our full network of contracted providers to coordinate all their medical care. They can then visit their PCP for routine checkups, and when they need to see a specialist, their PCP can provide a referral. Members are charged only a copayment for each doctor's visit. Preventive care, including checkups, is covered.

The **Advantage** plan offers the same level of benefit coverage as a traditional HMO plan at a lower premium. The difference is in the network. The Advantage plan offers a narrower network of contracted providers. Members must choose a PCP from the Advantage network to coordinate all their medical care.

The **Alliance** plan requires members to choose a PCP from network medical groups that were selected based on their outstanding reputations and clinically proven abilities to deliver the kind of care that keeps health care costs down. The focus of these plans is on "patient-centered care" – the PCP coordinates the member's care with other physicians and specialists in their chosen medical group's network to ensure that the member will receive outstanding care. As with our other plans, members get the tools they need to do their own evaluations, so they can select the right physician to meet their unique needs and preferences.

Introducing **Focus**, a new HMO plan that provides the same level of coverage as our traditional HMO plan, but at a lower cost. The difference is in the refined local network: a narrower network designed to help keep costs in check. Members must select a PCP from the Focus network who coordinates care with other physicians and specialists in the network. Focus plan includes preventive care checkups and wellness programs at no additional cost. The Focus product offers employers a number of favorable premium and benefit design options, and provides members with the health coverage they want and need at a more predictable and lower cost.

NOTE: These benefit plans are also administered by Choice Administrators. For more information and quotes, please contact *CaliforniaChoice* at 1-800-542-4218.

Additional Value-Added Programs for Signature, Advantage, Alliance and Focus

Disease Management and Health Management Programs

Managing a disease is never easy. But with the right support and information, it can be made more tolerable.

We offer case-based disease management programs for:

- Asthma
- Cancer
- Chronic Obstructive Pulmonary Disease
- Congestive Heart Failure
- Coronary Artery Disease/Stroke
- Depression
- Diabetes
- End-Stage Renal Disease
- Neonatal Care Management
- Healthy Pregnancy Program

We also offer Health Management programs that provide education and self-care information that can help members live healthier lives. Our Health Management programs include:

- Taking Charge of Asthma®
- Taking Charge of Diabetes
- Taking Charge of Your Heart Health
- StopSmoking

Health Discount Program

The Health Discount Program* offers members savings of between 10-25 percent on health and wellness purchases not included in their standard health benefit plan. Even if they already have medical, dental and vision coverage, as an enrolled health plan member, they can save even more money by using their Health Discount Program for fitness centers, weight management, alternative care, dental, vision and more.

- Dental, vision, alternative care and infertility treatment savings
- Fitness equipment and apparel discounts
- Reduced rates on fitness clubs, including 24 Hour Fitness®, LA Fitness®, Anytime Fitness®, Bally Total Fitness®, Curves®, Gold's Gym® and Snap Fitness®

HMO members can log on to uhcwest.com and search through the Health and Wellness tab to find providers and discounts, and start taking advantage of this program.

Healthy Pregnancy Program

This program is like a “fairy godmother” for any mom-to-be. In addition to an information resource center that provides valuable tips, advice, screening and immunization schedules, and what mothers need to know for pre- and post-baby health, Healthy Pregnancy program also includes:

- Pregnancy consultation to identify a new mother's risks and special care needs
- 24-hour toll-free access to experienced maternity nurses
- No-additional-cost book: *Your Journey Through Pregnancy*

The Healthy Pregnancy program is a completely new program for HMO members.

24-Hour Information

If members need answers to general health questions, they no longer need to wait until Monday morning.

The 24-Hour Health Information Program provides members with access to experienced registered nurses by calling 1-866-747-4325 or TTY 711. They also have the option of listening to prerecorded information on a variety of health topics.

Member Portal

At **uhcwest.com**, HMO members may order health plan ID cards and change their provider, plus get access to interactive health information, health benefits, doctor directories, information on the Mail Service Pharmacy, health tips, resource links and more.

NurseLineSM

Efficient use of health care resources can help contain employers' medical costs. NurseLine nurses provide health information, discuss treatment options and assist individuals in finding an appropriate level of care. Maintaining good health starts with asking questions and understanding the answers. NurseLine services empower people with information, support and guidance. From helping prepare questions for an upcoming doctor visit to determining the appropriate use of medical resources, NurseLine helps individuals make educated decisions about their personal health. NurseLine provides immediate access to experienced registered nurses for nearly any health or medical concern – 24 hours a day, seven days a week.

Solutions for Employers

Employer eServices® provides streamlined administration for employers

Employer eServices is UnitedHealthcare's secure website that provides immediate and secure self-service access to health benefits information. Self-service efficiency leads to:

- Increased employee satisfaction – employees have access to their benefits immediately and experience less hassle at the time of service with updated eligibility information
- Increased accuracy – customers benefit from accuracy through real-time processing and more accurate billing statements

From eligibility maintenance to customer reporting and billing solutions, Employer eServices is a gateway to tools that make health benefits administration more efficient.

Online eligibility maintenance

- Add new employees
- Verify and change eligibility
- Request medical health plan ID cards
- Verify or change status of employees and dependents

Electronic eligibility management

- Submit data electronically from an HR system – no manual entry
- Spend less time reconciling full population files
- Download error reports into an easy spreadsheet
- Receive email notifications with updated eligibility statistics

Online billing

- Check claims status (self-funded customers only)
- View invoices online
- Authorize payment online
- Download invoices into spreadsheets
- View, sort and search current and prior month's invoices
- Request adjusted invoices after changing/adding eligibility information

Real-time reporting*

- View benefit plan cost and use information
- Access free standard reports and optional customized reports

Communication Resource Center (CRC)

The Communication Resource Center on www.EmployerServices.com or www.uhc.com/crc makes it easy for employers to communicate with their employees and help them get the most from their benefit plan.

- Access fliers, posters, brochures and articles that employers can email, print, use in company newsletters or any other form of employee communication
- Build a customized newsletter with articles provided
- Use communication tools that help employers plan a workplace wellness campaign

Small Business Wellness Programs

As more companies look for ways to lower their health care costs, we believe that wellness programs in the workplace could potentially save employers money. When employees learn how to make good decisions for their health, everyone wins.

UnitedHealth Wellness®

UnitedHealth Wellness is a group of programs and services designed to help members make healthy lifestyle decisions that could affect their long-term quality of life. Among the tools and resources offered are a personal health record, online health coaching, an online health assessment, a Healthy Pregnancy program, and health and wellness publications.

Fitness reimbursement program

The fitness reimbursement program offers money back to members who on a regular basis go to a participating fitness center, including 24 Hour Fitness®, LA Fitness®, Anytime Fitness®, Curves®, Life Time Fitness, Snap Fitness, the Y and more.

Biometric screenings and coaching

Biometric health screenings and wellness coaching can help make a measurable difference for employers and their employees. Home-screening kits for both the member and spouse are sent and received by mail to check their cholesterol, glucose and body-mass index. In addition, telephone wellness coaching is available on diabetes, exercise, heart health, nutrition, stress, tobacco cessation and weight.

Health discount program

Our health discount program helps members and their families save 10–25 percent on non-covered health and wellness purchases from participating providers. Even with medical, dental and vision coverage, enrolled health plan members can save even more money by using the health discount program for dental care, hearing devices, vision care, long-term care services, infertility treatment and alternative care – such as acupuncture, chiropractic care, massage therapy and natural medicine.

Preventive care services

Preventing disease or detecting disease early is important to living a healthy life. The better an individual's health, the lower health care costs are likely to be. UnitedHealthcare provides information about guidelines for maintaining health, including health screenings and recommended immunization schedules for children up to 18 years of age as well as preventive care guidelines for adults 18 and older.

Member online portal

UnitedHealthcare has set up a website on health and wellness information at www.uhctogether.com/uhcwellness. Designed to help members understand their health care choices and get the most out of their coverage, it offers easy-to-use online tools and personalized information.

Also, UnitedHealthcare will provide a promotional tool kit to help spread the news to members about these new programs and the new website.

Market-Specific Solutions and Resources

Multicultural Solutions

Latino Health Solutions

Latinos have specific health care and cultural preferences – and many prefer Spanish, especially when dealing with such complicated or personal subjects as health care coverage. We understand these cultural preferences and have designed a broad range of services to assist employers' needs within the Latino community, including:

- A Spanish-language website, **www.uhclatino.com**, offers interactive, easy-to-use, Web-based health and educational resources.
- Schedules of benefits and enrollment materials in Spanish.
- Online provider directory of Spanish-speaking physicians.
- Customer service in Spanish, with bilingual customer care professionals.

Asian American Markets

UnitedHealthcare has worked to develop alternative plans, health education and in-language communications to better serve our Asian American customers and members.

Asian American Markets features:

- **www.uhcasian.com** – an educational website that offers general health care topics and terms in English, Chinese, Korean, Vietnamese and Japanese.
- Asian-language provider directories that won the 2007 Recognizing Innovation in Multicultural Health Care Award from the National Committee of Quality Assurance.
- Sponsored community events for traditional Asian holidays, including Lunar New Year.

Generations of Wellness®

When it comes to good health, people need to have options that take into account their individual needs – not only their background and history, but

their cultural preferences and even where they live and work.

That's why UnitedHealthcare created Generations of Wellness®, an initiative designed to address health issues specific to African Americans. By providing more relevant options and choices, we're working to create a better health care experience

Generations of Wellness helps members:

- Create their own personalized road maps to good health by using innovative, interactive health tools, such as our Family Health History Tree and health tip fliers, found on **www.uhcgenerations.com**.
- Become more engaged in their own health, and their community, by participating in UnitedHealthcare-sponsored health and wellness events.
- Prevent or manage diabetes, stroke and other conditions that affect a disproportionately high number of African Americans by referencing our health tip fliers utilizing our Online Health Coach.

Resources for Women

Source4Women®

Source4Women, our women's website at **www.uhc.com/source4women.htm** offers an online space for women to share their insights about health and improve their ability to manage their health care.

The site also offers online seminars so that they will be able to hear from leading women's health experts on key topics.

Specialty Plans

UnitedHealthcare offers a broad portfolio of specialty plans that make it easy to offer a complete benefit program.

- Can be purchased individually or bundled for additional convenience
- Designed to improve health and help reduce health care costs
- Most specialty plans are available on an employer-sponsored or voluntary basis so employers can choose how much or how little to contribute

Convenience

- One account management team
- One eligibility and enrollment process
- One consolidated bill to pay
- One dedicated customer service line and member website

Better Health

To help members make better health care decisions, they receive actionable health and wellness education. When employers purchase medical and specialty plans together, we leverage member claims data to provide personalized recommendations. We call that approach Bridge2Health®.

- For members with specific chronic illnesses, our targeted outreach encourages them to receive care that can improve their health and reduce costs.
- For members who file disability claims, case managers help manage their recovery so they can return to health and return to work. Bridge2Health is available to groups with medical coverage and one or more specialty plans.

Contact your UnitedHealthcare representative for more information.

Packaged Savings[®]

Bundle benefits for savings and simplicity

Buy a medical plan and specialty benefits together and save.

UnitedHealthcare and our affiliated companies give employers one-stop shopping for quality, comprehensive health care benefits. Employers can combine our innovative, affordable medical plans with comprehensive specialty benefits – dental, life, disability and vision. When they bundle the benefits, they can expect proven knowledge and service from a leading specialty carrier plus the simplicity and convenience of just one team to administer benefits. The savings employers realize through Packaged Savings are based upon medical enrollment and the number of active lines of specialty coverage they have with the UnitedHealthcare family. The more they bundle, the more they save.

Packaged Savings means:

- Bundled UnitedHealthcare medical and specialty benefits for administrative credit
- Savings based on medical enrollment and the number of eligible employer paid or contributory specialty coverages chosen
- One account team from UnitedHealthcare to serve all of your benefits needs
- Streamlined administration
- State-of-the-art online tools

Per-employee per-month savings is given as a monthly credit based on the number of enrolled UnitedHealthcare medical subscribers.

Enhanced Member Service

When employees call UnitedHealthcare with a benefits, program or claims question, employers and their employees should expect first-class service and quick and complete resolution to the issue. We strive to provide that and more. Experience customer service the way it is supposed to be with our new Enhanced Member Service.

Members can get help to:

- Understand a bill or resolve a claim
- Find a network health care provider
- Schedule an appointment

- Better understand their health plan benefits
- Resolve their issues with service professionals who will perform outbound or three-way calls
- Follow through when additional research or assistance is needed
- Understand their responsibility and how to coordinate across medical and financial accounts

We are dedicated to providing members with the best possible experience. Members can call the number on the back of their health plan ID card for questions.

Benefit Services

UnitedHealthcare Benefit Services comes at no additional cost when employers purchase medical coverage through UnitedHealthcare, to help employers and their employees save both time and money.

- **Pre-Tax Premium Plans.** These plans allow employers and their employees to pay your premiums on a pre-tax basis, which lowers their taxable income under Section 125. Employees can reduce their payroll-related taxes, and they can decrease their taxable income and increase their take-home pay.

- **COBRA Administration.** We offer streamlined administration and efficient record-keeping, so employers can focus on managing and growing their business, not on the administrative responsibilities required by COBRA.
- **Flexible Spending Accounts (FSA).** Our FSA services include planning, implementation, communication, administration, compliance and maintenance.

Notes

Health plan coverage provided by or through UnitedHealthcare Insurance Company and UnitedHealthCare of California. Administrative services provided by United Healthcare Services, Inc., OptumRx or OptumHealth Care Solutions, Inc. Behavioral health products are provided by U.S. Behavioral Health Plan, California (USBHPC) or United Behavioral Health (UBH).

HSA: The UnitedHealthcare plan with Health Savings Account (HSA) is a high-deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account (HSA) with a bank of their choice or through Optum Bank, Member of FDIC. The HSA refers only and specifically to the Health Savings Account that is provided in conjunction with a particular bank, such as Optum Bank, and not to the associated HDHP.

myHealthcare Cost Estimator: All UnitedHealthcare members can access a cost estimator online tool at myuhc.com. Depending on your specific benefit plan and the ZIP code that is entered, either the myHealthcare Cost Estimator or the Treatment Cost Estimator will be available. A mobile version of myHealthcare Cost Estimator is available in the United Health4Me™ mobile app, and additional ZIP codes and procedures will be added soon. This tool is not intended to be a guarantee of your costs or benefits. Your actual costs and/or benefits may vary. When accessing the tool, please refer to the Terms and Conditions of Use and Why Your Costs May Vary sections for further information regarding cost estimates.
