UnitedHealthcare Products

Our UnitedHealthcare portfolio of products includes familiar plans, such as HMOs and PPOs, and our innovative consumer-driven health plans:

- **Choice Plus Traditional plans** come with deductibles up to \$500 for members who seek care from our network of physicians and health care professionals.
- **Choice Plus Balanced and Choice Plus Balanced Value plans** were designed to lower costs while giving members the freedom to see any physician or specialist without a referral.
- **Consumer-driven health plans** are popular among employees who prefer to manage their own health care decisions and health care dollars. Our HSA and HRA health plans are paired with a Health Savings Account (HSA) or Health Reimbursement Account (HRA), which are funded on a pre-tax basis, and employees can withdraw funds to pay for eligible expenses.
- **Non-Differential PPO** provides coverage for employees who do not have ready access to our PPO network. No referrals are required to see a physician.
- **UnitedHealthcare SignatureValue™ (HMO) plans** allow members to choose a primary care physician who will manage their health care and refer them to specialists when needed.
- **UnitedHealthcare SignatureValue™ Advantage (HMO) plans** come at a lower premium than traditional UnitedHealthcare SignatureValue plans but offer the same level of coverage. The difference is that UnitedHealthcare SignatureValue Advantage plans offer access to a select network of contracting physicians and specialists.
- **UnitedHealthcare SignatureValue Flex (HMO)** is a new HMO option that promotes consumer engagement by giving members more information and flexibility in how they spend their health care dollars. The plan provides the same level of coverage as the traditional UnitedHealthcare plans. The difference is in the distinct network choices. UnitedHealthcare SignatureValue Flex arranges providers into distinct networks, based on objective measurements of their ability to deliver quality care at lower costs. Members pay reduced premiums when they select doctors from a specific network, or tier. And to help them select the doctors who will best fit their needs, members are provided with tools to help them find and research everyone in our network.
- **UnitedHealthcare SignatureValue™ featuring the HealthCare Partners Network (HMO) plans** offer members access to the HealthCare Partners network in Southern California. UnitedHealthcare SignatureValue plans provide first-dollar coverage for primary and specialist care. With predictable health care costs, these plans help employees manage their health care spending and lower costs for themselves and their employers.
